Newsletter Week 9 Term 2

Where has the Term and Year gone? This term has once again been full of action via curriculum, sport, leadership opportunities and quality learning experiences. This is the last newsletter for the term and I have a few groups to thank. Firstly to the students congratulations on all your efforts this term. Secondly to the staff, an amazing effort where your countless hours of planning, implementation and success is truly appreciated. Last but not least the parents and carers. Your support is always appreciated. We all have a difficult role to play in the success of students and when we work collaboratively the results look after themselves.

Parent teacher interviews are on Tuesday afternoon and I encourage you all to make an appointment. This is a great opportunity to be on the same page and work collectively for improvement.

Our Facebook page has highlighted the numerous good news stories, even highlighted how many opportunities our students are provided by the hard working and dedicated staff. If you haven't already please join.

We will also have some staff changes for the beginning of Term 3. Mr. Abbey, Miss Parkes and Mr. Kibble are taking leave. I thank them all for their efforts and am sure the students, staff and parents are appreciative of their teaching. In Primary we will be advertising for new staff so the planned class structures may or may not be implemented due to the staff changes. I am confident though that whoever is appointed will be an asset to the Peak Hill Community.

The school executive are having a planning day on Tuesday Week 10 and by the completion of the day we will be able to produce:

A revamped PBL policy and rewards system. We have great kids and they need to be rewarded

A Behaviour Management Policy that will be implemented from day 1 Term 3. This is important so consistency can be implemented.

Exciting things for thought:

Community Consultation Committee: I have been discussing this idea with members of the community to see what the school can do to assist the community and how the community can assist the school. I have had numerous

people nominated and would like to implement in Term 3, please look out for further information.

People within the community that are highly respected by students and parents could be a real asset to this committee.

21st Century Learning and Wellbeing

Hub. This is a concept that I am flagging with the school executive and am looking to spend money on furniture, technology and staff to support the learning and wellbeing needs of all students. Gone are the days that a teacher simply teaches the curriculum. There are so many factors that teachers need to cater for now in planning, implementation, differentiation and catering for the overall wellbeing of students plus their own wellbeing.

I wish all students, staff and parents a safe and enjoyable holiday. It is important for all to rest up as this term has been busier than most and has been a challenge. I look forward to working with you all again in Term 3.

BALLAD FOR A MAD GIRL

Vikki Wakefield

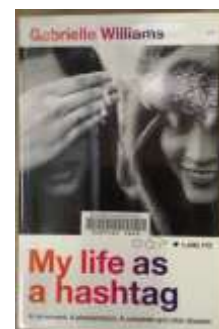

Everyone knows seventeen-year-old Grace Foley is a bit mad. She's a prankster and a risk-taker, and she's not afraid of anything-except losing. As part of the long-running feud between two local schools in Swanston, Grace accepts a challenge to walk the pipe. That night she experiences something she can't explain. The funny girl isn't laughing anymore. She's haunted by voices and visions-but nobody believes a girl who cries wolf.. AS she's drawn deeper into a twenty year old mystery surrounding missing girl Hannah Holt, the thin veil between this world and the next begins to slip. She can no longer tell what's real or imagined—all she knows is the ghosts of Swanston, including that of her own mother, are restless. It seems one of them has granted her an extraordinary gift at a terrible price.

MY LIFE AS A HASHTAG!

Gabrielle Williams

Imagine you could have Justin Bieber venting online on your behalf. Or Josh Hutcherson, Jennifer Lawrence, Kylie Jenner? When MC discovers she can use these celebs (and more) to vent against one of her best friends (who has blocked her and isn't speaking to her after MC kissed the guy she liked at a party), she thinks she's discovered the perfect anonymous way to get things off her chest. But when the vents go viral, it's only a matter of time before the world turns its attention to MC. And when it does, things go from bad to worse.
