Term 1 Week 11 - Wednesday, 6 April 2022

NSWCHSSA Championships

Congratulations!

On the 31st of March, our Mixed Relay Team competed at the NSWCHSSA Championships in Sydney. Swimming out of Lane 7, our students swam incredibly well, to finish 4th with a time of 2:12:82, 6 seconds faster than they swam at the Western Championships.

The students represented the school and district with excellence, and the school community is so proud of these athletes. Jacob started the race off with enthusiasm, swimming a very competitive time of 33.38. India maintained the momentum with a very fast time of 33.80. Ruby kept us in the race with a fantastic time of 37.88, and Brendan had an outstanding swim home of 27.76, the fastest time of any athlete in any team in the race.

Well done to these students for going above and beyond to achieve in this sport. We can't wait to see you reach your goals.

STATE SWIMMING CHAMPIONS SUCCESS!

It was with overwhelming emotions of pride and joy, that the school community sat on the edges of their seats last week to watch our Mixed Senior Relay Team place in 4th position in the 4 x 50 metre Freestyle, at the State Swimming Championship held in Homebush. We are so incredibly proud of our four students: Brendan, Jacob, Ruby and India. Congratulations and well done on your spectacular achievements last week! It was very exciting to see Peak Hill Central School up in lights, on the big screen!

FOOTBALL SUCCESS!

Last week Zac and Jaedyn were both selected in the Western Rugby League Northern Zone Team. Both students will trial again this Wednesday at Lindner Oval in Peak Hill, where the final team selection will be made. We wish the boys, "Success through Effort"!

WOMEN @ WORK

The Women @ Work free workshop will be held at the Parkes Shire, Marramarra Makerspace Studio on Thursday 28 April. We will be taking ten of our senior girls to attend this workshop, which is targeted at upskilling our students and community members with job applications, cover letters, resume writing, confidence building and job interview skills.

BELROSE ROTARY EXCURSION

After a two-year break following the COVID lockdowns, I will have the pleasure of taking a group of ten very excited students to Sydney on Friday 8 April until Wednesday 13 April, to this year's Belrose Rotary excursion. In advance, I would like to thank Mr David Gaunt for joining us on this excursion during the school holidays. We will be very excited to share stories of our Sydney visit on the school's Facebook site.

HARMONY DAY

Last Wednesday our school celebrated Harmony Day. We had an absolutely delicious assortment of foods from various cultures to taste test and then we spent the afternoon moving around the school to enjoy activities and games from many of the cultures around the world. It was such a beautiful day and a really lovely way to celebrate this year's theme, "Everyone Belongs". Thank you to the staff and students!

SECONDARY FOOTWEAR FOR PRACTICAL LESSONS

A note will go home to students in Secondary this week, outlining the importance of wearing, closed in, covered leather shoes or boots in practical, food, wood, metal, science and agricultural lessons. The safety advice from the Department of Education clearly states that practical lessons require students to wear fully enclosed leather footwear.

All student in Secondary will have time between now and the return to school to provide their own footwear for these practical lessons. The note home will also outline places where leather shoes and boots can be purchased with prices. For Aunts, Uncles or Grandparents who may want to make a gift to children at Easter or over the holidays, this may be a great idea. For students who bring their own shoes we are happy to store them in a sealed labelled bag for practical lessons. The school will purchase a full range of sizes to keep in a tub for students who do not provide their own footwear. Please do not hesitate to call me to discuss this further.

WEEK 1 - TERM 2

ANZAC DAY – Monday 25 April

The first Monday of next term will be **ANZAC DAY**. This is a public holiday but, we are asking that all students meet at the Bogan Street gate at 10.30am to join the school in the Peak Hill town Anzac Day March. Students are to wear their summer school uniform. **Every student who attends will receive a FREE pizza and milkshake lunch on Wednesday 27 April, 2022.**

STAFF DEVELOPMENT DAY – TUESDAY 26 APRIL

On this day the PHCS Aboriginal Education Team will be taking our entire staff to, “The Block” for a day of Cultural Immersion. We are all looking forward to building our knowledge of Culture and Histories on Country.

DAY 1, TERM 2 FOR STUDENTS – WEDNESDAY 27 APRIL

Wednesday will be the first day back for students in Term 2. All students are to return on this day.

POWER OUTAGE ALL DAY – THURSDAY 28 APRIL

Just a reminder that there will be a full day power outage on Thursday in Week 1. Our staff have made alternative arrangements for lessons, and a **FREE sausage sizzle** will be provided to students for **lunch**. **Can parents/carers please send a water bottle and recess to school with your child on Thursday 28 April.**

This term we have been blessed by an abundance of care and generosity. I would like to take this opportunity to thank the following organisations.

Belrose Rotary – have donated thousands of dollars’ worth of brand-new toys and equipment to establish our 2022 Kick Start Kindergarten Program.

Dress for Success in Marrickville, have organised a styling session for our students when they attend the Belrose excursion, to dress and prepare them in professional attire for a job interview.

Elanora Uniting Venues in Elanora Heights, is providing free accommodation and meals to our students and staff for the Belrose excursion.

Charles Sturt University providing free bus travel and lunch for our students in Year 6 and Year 9 to attend their university days.

“The Boys to the Bush” Team providing a free 5 – week program to our students this term.

The John Moriarty Foundation for their continued support and work with our students every Monday this term.

Bernadis supermarket for their kind donation of hand sanitiser for student use.

Thank you, families and students, for an absolutely fabulous Term 1. Wishing you all a wonderful Easter break with your family and friends. We hope that you all keep safe and happy and we cannot wait to see you all back on **Wednesday 27 April, 2022, for students Day 1 of Term 2.**

Happy Easter,

Mrs Catherine Doyle
Relieving Principal

Head Teacher News

CHECK IN ASSESSMENT

Over the next few weeks, Years 4, 6 and 8 will be undertaking the Check-In Assessment. The Check In Assessment are, online assessments in reading and numeracy that are mapped to NSW Syllabuses and the National Literacy and Numeracy Learning Progressions. Each assessment consists of 40 to 50 multiple choice questions and are designed to track student progress and support teachers to cater their teaching to the needs of every student in their classroom.

YEARS 7-10 ASSESSMENTS

Students in Years 7-10 will be completing assessments for most of their subjects over the next few weeks. If students require additional support to complete these tasks, they are welcome to attend our Homework Centre on Tuesday afternoons, until 4:30 in the library. Mr Labone and Carmen Sharah will be there to help students complete their work and any other homework they may need to complete.

ABORIGINAL DANCE GROUP

Congratulations to the students who participated in the Aboriginal Dance Group Sessions run by the Arts Unit and Bangarra Dance Company. The students developed dance skills and cultural significance for Aboriginal and Torres Strait Islander students, boys and girls from school Years 7 - 12. The students

successfully learnt a contemporary Indigenous dance repertoire from some of Bangarra's leading choreographers.

BASKETBALL AND TOUCH FOOTBALL GALA DAY

On Thursday 7th of April students from Years 7-12 will participate in a gala day in Trangie. They will participate in mixed teams and play Tottenham, Trangie, Trundle, Tullamore and Yeoval. This day is a great opportunity for students to meet students from other schools, and compete in matches that develop their skills in various sports.

WESTERN LAWN BOWLS

Congratulations to Cooper Dart who attended the trials for the Western Lawn Bowls in Orange last week and was selected in the team. Cooper continues to demonstrate success in Lawn Bowls and we are so excited to see how far he will go.

Miss Lucy Dempsey
Relieving Deputy Principal

HEAD TEACHER STUDENT GROWTH & ATTAINMENT

As we are coming up to Easter and approaching the end of Term 1, it is timely to reflect on our achievements. We have a big cohort of Year 11 students returning this year, and it has been fabulous seeing the students maturing over the term and developing the abilities and habits, such as independent learning, necessary for senior study. One of the best things about this term has been the refurbishment of the library. Not just the new beautiful furniture but seeing the students from K-12 benefiting from and enjoying the new areas for study.

Additionally, I have been asking students what they would like to read and many have suggested we buy more of the Manga genre. There are new titles coming every week and it is good to see students borrowing.

SECONDARY STUDIES NEWS

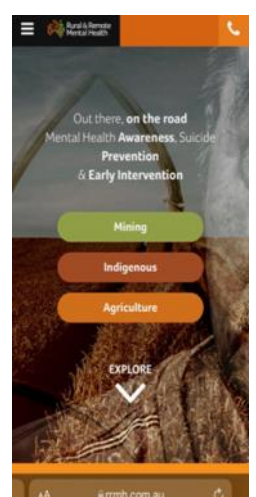

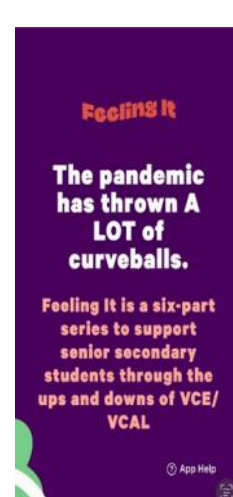

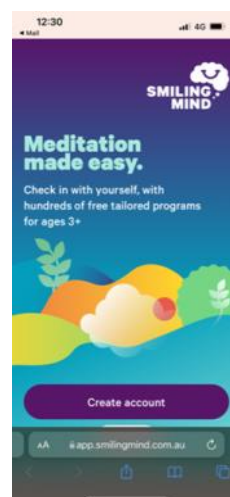

The basketball students have been enjoying their team sport with Mr. Palmer at lunch time and on March 8th the students travelled to Dubbo to take part in the Combined High Schools Basketball Gala Day. Here they are enjoying themselves before travelling and playing the game. Well done boys.

STUDENTS UNDER STRESS: WHAT TO DO?

As we move through the year some students may become more stressed than usual as the pressures of adolescence and study can make it more difficult for some of our students to complete their school work, and meet the commitments of tasks due and just navigating their life. Here are some apps parents and students may wish to use to help with stress. A very good one is the **Smiling Mind app**. There is also the **Rural Youth Mental Health Service** which offers free outreach services to young people. You can contact them on 1800 236 762. Even though the middle resource refers to the Victorian equivalent of the HSC the app has a number of videos that are very appropriate for our young people.

Ms Brenda Stewart
Head Teacher Student Growth & Attainment and
Part Time School Librarian

AUTISM AWARENESS

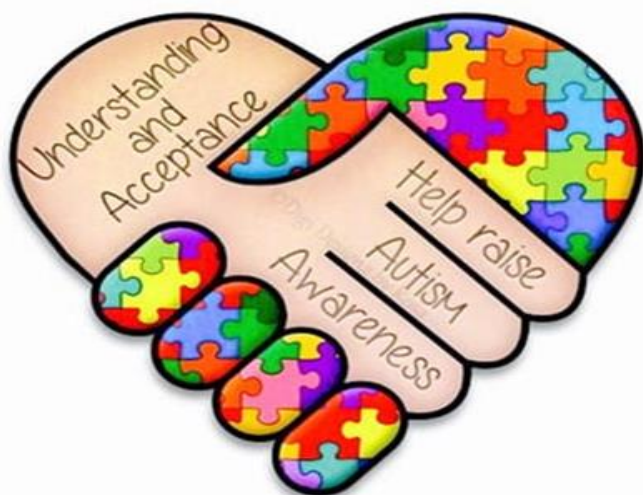

In April each year we celebrate World Autism Month, beginning with the United Nations-sanctioned 15th annual World Autism Awareness Day on April 2. Here at PHCS, we want to dedicate this month to improving **acceptance** for autistic children and young people.

Explaining Autism

Simply put, “Every day, our brains interpret (understand) the things we see, smell, hear, taste, touch, and experience. But when someone’s brain has trouble interpreting these things, it can make it hard to talk, listen, understand, play, and learn” (Walters 2016). So, a friend with autism is just as smart as other kids, but he or she may have a harder time making friends, following directions or dealing with change. He or she may be very sensitive to loud noises or certain textures or foods, but may really enjoy the way it feels to flap his or her hands or spin around. Autism is something some people are born with — it just means that the brain operates a little differently.

Whether you have autism, love someone who does, or are looking to support a diverse, accepting and kind community, you’re invited to help create a world where all people with autism can reach their full potential.

Mrs Lyndal Edge
Wellbeing Coordinator K-6

PRIMARY SPORT

It has been a busy term in Primary sport. We have completed the school Swimming Carnival, Gobondery/NARRAF Swimming Carnival, Cricket Gala Day, John Moriarty and NRL sport lessons. It has been an exciting and engaging term of sport.

On the 25th of March we hosted the Gobondery/NARRAF cricket Gala Day in Peak Hill. We had over 160 children participate from 7 different schools. A fun day was had by all and as a whole we should be proud of the behaviour and sportsmanship of our students.

A massive thank you must go to Matt Ellis from Cricket NSW for setting up and helping to run the day for us.

Please remember in the school holidays on the 12th and 13th of April Matt Ellis from Cricket NSW is running a coaching clinic for students in K-6 at Lindner Oval in Peak Hill. This is a free clinic and all children are encouraged to attend. Details of how to register are posted on the school Facebook page. If you have any issues registering do not hesitate to give me a call and I can register your child/ren for you.

Have a safe and restful holidays as we have yet another busy term of sport in Term 2.

Miss Teagan Heraghty
Primary Sport Coordinator

WHAT'S HAPPENING IN KINDERGARTEN?

The past two weeks in Kindergarten have been very exciting.

We have been reading many different stories and our focus texts have been, "The Very Hungry Bear" and "Grandpa and Thomas" and the "Green Umbrella". After we had finished reading the, "Very Hungry Bear" we had Year 1 join us in making some polar bear cookies. Everyone had so much fun! In Week 9 we focused on, "Grandpa and Thomas" and used our creative art time to make water-coloured paintings of ourselves at the beach with a colourful umbrella.

In Mathematics we have been learning all about positions! Kindergarten are getting very good at identifying different positions such as up, down, in between and under. We have continued to work on our numbers from 0-10 and started to look at the numbers that continue after 10.

We have been getting really excited about our Sound knowledge as well and are starting to decode simple words with our m, s, t and a letters. Next up we are learning our next four sounds: p, i, f and r and we are so excited.

Kindergarten have been doing such a fantastic job bringing their home readers back to school every day. We won the home reader trophy for the most nights of home reading for the third time in a row! Let's keep it up!

I am really excited to see what other amazing work Kindergarten can get up to in the last two weeks of Term 1!

Miss Sammi Axam
Classroom Teacher

IT'S BEEN A GREAT TWO WEEKS OF LEARNING IN YEAR 1!

We are becoming experts in the long "a" sound in Soundwaves and have been exploring so many different ways to make the sound.

We have been working on learning and identifying graphs, digraphs, trigraphs and even quadgraphs in words.

After reading, "The Gruffalo", we used our imaginations to write sentences about what we would eat if we were the Gruffalo, like Caterpillar Cupcakes and Snake Spaghetti!

In Mathematics we have been learning how information can be put into a picture graph so it is easier to understand. We made graphs of what animals are in the Imaginary Peak Hill Zoo and collected data to make a graph of Year 1's favourite colours.

After reading a book about Stephen Hawking and his research on space, we made our very own rocket ships in Art. The expert artists used oil pastels to make these beautiful colourful artworks.

We can't wait to see what learning is next for Year 1!

Miss Ella Bandur
Classroom Teacher

Year 2/3

It has been so much fun in Year 2/3 this fortnight and we have had so much fun! We have loved welcoming Shianne back into the class, our little family is whole again!

In Writing, we have continued our focus on narrative writing using prompts with the goal of using descriptive language to engage our readers. The creative writing that has been produced already is truly phenomenal - Year 2/3 is a class full of authors!

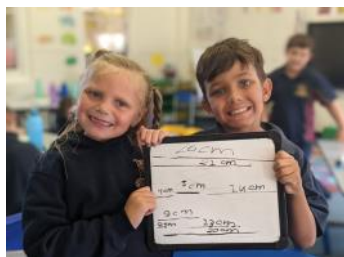

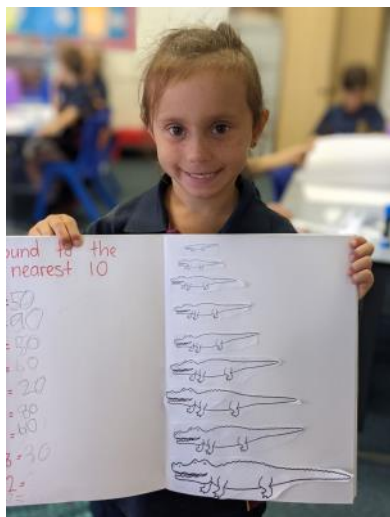

In Mathematics, we learnt to estimate length, measure items using centimetres and even create items of specific sizes. This can often be a difficult concept to pick up, but all students worked so hard and mastered the skills!

We have had a strong focus on manners and kindness in our classroom. We are learning to take responsibility for our actions and learn from our mistakes – it has been beautiful to see a huge improvement in behaviour.

I would love to remind all families to continue returning their home readers. Parents/carers must sign off for the book to be exchanged. We love seeing students engaging in wide reading at home, but we ask that you only record the readers we send home so we can keep track of those books and when they need to be swapped.

I'm looking forward to a big last fortnight of Term 1!

Miss Tiarne McLeod
Classroom Teacher

OUR FORTNIGHT IN YEAR 4/5

What a busy term we have had in our classroom. So many exciting things, new challenges and lots of fun was had in Year 4/5.

In Mathematics, we have been looking at length and how to measure things using centimetres, millimetres and kilometres. We have incorporated Art into our Mathematic lessons as well, creating numerous artworks using rulers and lines.

We continued to work on Narrative texts during writing lessons and I am so proud of the improvement seen from all students. We have heard many different stories about hot air balloons and animals escaping from the zoo.

We are looking forward to Easter and the fun activities planned for the last week of school.

Wishing you all a happy and safe Easter and I am looking forward to more challenges and fun in Year 4/5 during Term 2.

Miss Teagan Heraghty
Classroom Teacher

Celebrating Harmony Day at PHCS Where Everyone Belongs

Celebrating Harmony Day at PHCS Where Everyone Belongs

Gobondery/NARRAF Cricket Gala Day

GOBONDERY/NARRAF CRICKET @ PEAK HILL!

Last Friday, Peak Hill Central School hosted the Gobondery/NARRAF Cricket Gala Day with Schools from Narromine, Tottenham, Trangie, Trundle, Tullamore and Warren.

A huge thank you to Matt Ellis from Cricket NSW for organising and setting up the day.

Another big thank you to Mrs Tremain-Cannon, Mrs Jones, Mr Newman & Mr Towney for supporting the Peak Hill Teams.

Miss Teagan Heraghty
Primary Sports Coordinator

Raising Bees

Mrs Unger visited Mrs Edge and Year 2/3 as well as Miss Heraghty and Year 4/5 to show us some of the equipment she uses on her farm to raise bees.

She explained how the boxes are prepared, how she “smokes” the hives, how the honey is “robbed” and how important bees are in keeping our world healthy.

Thank you, Mrs Unger!

Mrs Lyndal Edge
Primary Teacher

Stage 4 PDHPE with Miss Teagan Heraghty

STAGE 4 PDHPE

We have had a busy term in Stage 4 PDHPE.

We have been learning about the effects of different types of drugs, making good decisions and risk taking. The last two weeks have seen us completing our Term 1 assessments.

During PDHPE lessons, we have focused on teamwork and building skills to achieve the best results. Our last lesson saw us participate in a challenge which required us to work together using only two skipping ropes to get the bean bags from one bucket to another. Students were not allowed to step into the danger zone to complete the task. It was such a pleasure to see the strategies and teamwork that was used to successfully complete the challenge.

Well done, Stage 4!

Miss Teagan Heraghty
Stage 4 PDHPE Teacher

STAGE 5 FOOD TECHNOLOGY

This term Stage 5 Food Technology are studying the unit, 'Food for Specific Needs'.

We have learnt about the different types of foods that are suitable for people with a large array of different needs such as: coeliac, diabetic, vegan, vegetarian, strong athletes, Buddhism, Hindu to name a few.

We are currently working independently on our research task, which involves designing a snack or lunch dish to suit a chosen 'Funtiki' travel group who are undertaking various physical activities and need certain nutrients, along with catering for specific food needs such as allergies to nuts.

Students have been happily engaging in a variety of practical food lessons each week and developing their chef skills. I have been happily surprised by student's willingness to cooperate and work together with different peers each week to create the recipe that was set. Recently students enjoying making hamburgers and milkshakes.

Miss Alana Gear
Food Technology Teacher

YEAR 12 ABORIGINAL STUDIES

Students are putting the final touches on their Major Projects which are due on the 6th April. Samuel Gregson has been interviewing local members of the Wiradjuri Nation. These people have been very generous in giving up their time and Samuel has noticed some themes emerging from his work. Two important themes are one, the importance of Country and being part of a family in Peak Hill. A second theme, is that all of the interviewees have a belief that the future lies in the hands of young people and it is up to the community to educate the young in Wiradjuri culture and beliefs.

One of my other students at another school is completing a beautiful mural for her school based on the Wiradjuri story of how the Southern Cross was formed. The students have done a wonderful job on getting permission from their interviewees to share their information, and I have very much appreciated the assistance of all the local community members who have contributed so generously to the students Major Projects. Thank you so very much, because I could not do my work without your support and guidance. I am very much open to any assistance in preparing for and teaching my very dedicated Indigenous students. We have all learned so much about ourselves and the challenges we face, especially in overcoming Intergenerational Trauma, a topic that comes up over and over again in our studies of not only Indigenous Australians but First Nations Peoples around the world. It is such a privilege for me to be working at Peak Hill and working with our students.

Ms Brenda Stewart
Aboriginal Studies Teacher

Bangarra Youth Aboriginal Dance with Mrs Lyndal Edge

BANGARRA YOUTH ABORIGINAL DANCE PROGRAM

Secondary students enjoyed their final workshop with the Bangarra Youth Aboriginal Dance program last week.

Mrs Edge was impressed with the students' focus, effort and appreciation of the modern take on traditional choreography.

Another wonderful experience for our students!

Mrs Lyndal Edge
Wellbeing Coordinator

ACTIVATE - Food with Miss Alana Gear

ACTIVATE – FOOD

Wow! The term has flown by very quickly and every week on Tuesdays and Thursdays students from Years 7-10 have been involved in developing their skills in; 'mixing' 'baking' 'blending', along with using their mathematical skills to 'measure' & 'weigh' out their ingredients.

All students have been cooperatively working together in chosen groups each lesson, while they are practising their literacy and numeracy skills.

Students have shown wonderful teamwork as they successfully follow a standard 'recipe card' to create a variety of dishes. Some of the favourites were Chocolate brownies, Pizzas, & Caramel slice.

Well done Secondary ACTIVATE. Keep up the great work!

Miss Alana Gear

ANZAC Day

ANZAC DAY

Peak Hill Central School students are invited to attend ANZAC Day activities and the march from the school through town to the Peak Hill Ex-Services Club for a memorial service.

All students are invited to attend, marching on **ANZAC Day Monday, 25 April 2022.**

Staff and students will assemble at the Bogan Street entrance of the school at 10.30 am.

All students that wish to participate in the march must be in full school uniform.

MONDAY 21ST OF MARCH

Last Monday we were greeted at Peak Hill with the full team of ten students this morning which was very encouraging. Dave said that he'd like to show the boys some traditional trees that had been used for medicine and teas. The boys all listened as Dave explained the purpose for each of the trees and what ailments they were used for. Some of the boys tried the berries that were used to help clear your nose and chest. It was met with mixed results with some boys including myself spitting them straight out. Dave explained that the bitter taste would take some time to get used to, but once you became familiar with it they became very sought after for their medicinal benefits.

Peak Hill Industries were keen to give the bus a tour of their shop and show them how their products are manufactured. The tour was very impressive with the boys getting to see a laser cutter, robot welder and robot bender. The boys were all engaged as Cameron explained all the processes that were involved in making their main product "sheep crushes" that are used for sheep crutching, needling and drenching. Cameron also told the boys that they employ local workers and they are looking for more staff to expand their growing company.

The boys then headed around to Dave's place to help him move his lawn. All the boys got involved and helped. They got a sense of satisfaction out of doing a good deed in the community.

The boys cooked a BBQ for lunch out at the Bogan Weir and enjoyed the afternoon fishing and swimming at the Weir and even managed to catch half a dozen Carp. Some of the boys were even brave enough to go off the rope swing.

I dropped the boys back at school at 3pm after another great day. They are a good group of kids who I look forward to having each Monday.

Mr Tim West
Program and Education Manager
Boys to the Bush

Molly Wright ex-student and DUX of Peak Hill Central School, will represent Peak Hill at the Land Sydney Royal Agriculture Shows Young Woman 2022, with the final held in Sydney next week and the winner announced on Sunday, 10th April 2022. Molly will be involved in many activities and judging whilst there.

Molly is a Livestock Manager of a farm aggregation, with certificates in Wool Classing and Agriculture, a Diploma in Agribusiness Management and has been the recipient of two consecutive RASf Rural Scholarships.

Molly is a keen sportswoman and has been a member of all local sporting clubs including Cricket, Swimming, Tennis, Soccer, Clay Target and Netball which she was a state representative. COVID-19 has given Molly more time for skiing, camping, shooting and the family farm. She is also a member of the Peak Hill Show Society, NSW Young Farmers Association, Landcare, Angus Youth Australia and her local RFS and VFFA. Molly has been successful in Parader Competitions and Junior Judging of grain, sheep, wool and cattle.

Ultimately, Molly hopes to run her own farming operation and to encourage others down the same path. Her goal in entering the Showgirl competition is to encourage other young rural women to achieve their passion and dreams.

Congratulations, Molly on this huge achievement, everyone at Peak Hill Central School wish you all the best in Sydney!
